Professional Summary Senior Software Quality Assurance Engineer with **9+ years of experience** specializing in **Fintech and Banking** domains. **ISTQB® Certified** professional with proven expertise in leading QA initiatives, designing automation frameworks (Cypress/Katalon), and ensuring compliance with financial regulations (OJK/BI). adept at bridging the gap between technical teams and business stakeholders to deliver high-quality, secure, and user-friendly financial applications.

WORKING EXPERIENCE

KB Finansia Multifinance — Jakarta, Indonesia Senior System Quality Assurance Engineer | Sep 2019 – Present

- Led QA initiatives for core financial systems, ensuring high availability and data integrity for high-volume transaction environments.
- Architected and maintained automation test frameworks using Cypress and Katalon, reducing regression testing time by approximately 40%.
- Managed end-to-end testing cycles (SIT & UAT), collaborating closely with developers and business analysts to resolve critical bugs before deployment.
- Conducted API Testing and Security checks to ensure compliance with financial data protection standards.
- Mentored junior QA engineers in best practices, test case design, and automation scripting.

Emerio Indonesia (NTT) — Jakarta, Indonesia System Quality Assurance | Jan 2019 – Sep 2019

- Created comprehensive test scripts to manage automated feature testing for banking clients.
- Collaborated with QA analysts to establish quality assurance thresholds based on industry best practices.
- Executed rigorous performance testing to assess application stability under peak loads.

Adidata Informatika — Jakarta, Indonesia System Quality Assurance | Jan 2018 – Dec 2018

- Tested software to assess optimal in-project deployment and database performance.
- Advised development teams on potential database bottlenecks and performance optimization strategies.

Lawencon International — Jakarta, Indonesia System Quality Assurance | Jan 2017 – Dec 2017

- Developed and executed QA test cases, scripts, and procedures for automated software maintenance.
- Devised cohesive Test Plans for projects using advanced testing technologies, ensuring full requirement coverage.

Artaboga Cemerlang — Jakarta, Indonesia System Analyst | Jul 2013 – Oct 2016

- Performed comprehensive system analysis, documentation, and testing for enterprise platform transitions.
- Planned computer systems using information engineering and structured analysis to improve operational efficiency.

EDUCATION BACKGROUND

International Software Testing Qualifications Board (ISTQB®) *Certified Tester Foundation Level* | Issued by IDSTB — **Apr 2024**

Kristen Krida Wacana University — *Jakarta, Indonesia Bachelor's Degree, Computer Science (Information System)* | **2009 – 2013**

- **GPA:** 3.40 / 4.00
- **Honors:** Cum Laude for Information System (Oct 2013)

SKILLS & TECHNOLOGY

Core QA & Leadership

- **Methodologies:** SDLC, Agile (Scrum/Kanban), Waterfall, STLC.
- **Leadership:** Test Strategy & Planning, QA Governance, Team Mentoring, Defect Management.
- **Banking Domain:** Core Banking Systems, Payment Gateways, Mobile Banking, Loan Origination Systems, AML/CTF Compliance.

Automation & Technical

- **Automation Frameworks:** Cypress, Katalon Studio, Selenium WebDriver, Appium (Mobile).
- **API & Performance:** Postman (REST API), JMeter, K6, SOAP UI.
- **Programming/Scripting:** Java, JavaScript, Python, Groovy, SQL (Complex Queries), Bash/Shell Scripting.

Tools & Management

- **Test Management:** TestRail, AIO Test, Qase.io, Jira Xray.
- **DevOps & CI/CD:** Git, GitHub, Azure DevOps, Jenkins.
- **Collaboration:** Jira, Confluence, ClickUp, Miro, Notion.
